PROFESSIONAL SUMMARY

Agile-driven Mid-Level Angular Engineer With +3 Years Experience specializing in TypeScript and RxJS. Proven track record of architecting high-performance, responsive web applications and securing RESTful API integrations. Skilled in translating complex business requirements into maintainable UI architecture while leveraging testing frameworks to guarantee software quality and reliability.

PROFESSIONAL EXPERIENCE

Comcast Cairo, Egypt
Frontend Developer Nov 2024 – Present

- Engineered an enterprise HR Management System using Angular, TypeScript, and RxJS, supporting centralized management for over 1000 employees.
- Designed and developed dynamic scheduling interfaces with robust validation workflows, reducing shift conflicts by 15% and optimizing site availability tracking.
- Executed strict role-based access control (RBAC) and secure JWT authentication via Angular HttpClient, ensuring data integrity across all workforce dashboards.
- Spearheaded agile project delivery by facilitating sprint planning, tracking tasks, and driving cross-functional collaboration using Jira.

Dole Food Company Remote
Junior Frontend Developer Aug 2023 – Nov 2024

- Delivered responsive, performance-optimized internal business applications using Angular, TypeScript, HTML, and Tailwind CSS.
- Architected reusable Angular components and complex reactive forms, streamlining operational workflows and accelerating data entry efficiency by 20%.
- Integrated RESTful APIs and orchestrated asynchronous state utilizing RxJS, resulting in a 30% decrease in load times and smoother client-side routing.
- Collaborated actively in daily Scrum stand-ups, conducted comprehensive code reviews, and championed continuous Agile development cycles.

EDUCATION

Beni-Suef University Sept 2022 – June 2027
B.Sc. in Navigation Science and Space Technology
